

## Adding a new student in GoMath

1. In top right corner click on "Manage Classes"

2. Click on radio button next to your class name, then click "Edit Class"

Select	Name	Grade	Period
<input type="radio"/>	Sampson	3	All
<input checked="" type="radio"/>	Sampson 2014-2015	3	All

1 - 2 of 2 Records

[View Class Roster](#) [Edit Class...](#)

3. Scroll to the bottom of the page and click on "Assign Students"

<input checked="" type="checkbox"/>	Student Edition eBook, G3	9780544348820
-------------------------------------	---------------------------	---------------

Groups:

Name	Subject	Level
------	---------	-------

[Add Group...](#) [Inactive](#) [Save](#) [Cancel](#) [Assign Students >](#)

4. Select your grade level and click on "Find"

**Find students**

Select students from grade: Grade 3

**Find** Clear

5. Click on the students you need to add. If you need more than one, hold down the "Ctrl" key as you click and it will highlight multiple names. Click "Add" when you have the names you need. Then click "Done".

**Assign students to class**

**Students**
