

Student Chromebook Login Instructions

1. Click on **Add Person** from the bottom left of the screen or begin login if you already have the Google "Add Your Account" box in the center of the screen.

Students login with their **444 combination** followed by **@granitesd.org** on this screen.

- first **4** letters of first name
- first **4** letters of last name
- first **4** digits in the student number

Example: John Reynolds with student number 9876543 would be **johnreyn9876@granitesd.org**

Note: If a first or last name has only 2 or 3 letters, that is what they will use. Nothing additional is added.

2. On the second login screen with the district logo:
 - re-enter the same username as above
 - enter the student password (all 4th-12th graders will change their passwords at the beginning of each school year)
3. On the 3rd screen students will re-enter their password.
4. You may be prompted to accept Google's Terms and Conditions. Scroll down to accept and agree.
5. Choose a thumbnail picture from the choices or click on the gray camera icon to take a picture of yourself with the Chromebook webcam (if the teacher allows it).
